Meets Standards
■ Does Not Meet Standards

Assessment Scale for Certified Level II

- Essential elements were not observed or not present. 1
- 2 Essential elements are beginning to appear.
- 3 Essential elements appear, but not with consistency.
- 4 Essential elements appear regularly at a satisfactory level.
- **5** Essential elements appear frequently, above required level.

Assessor(s):	6 Essential elements appear continuously, at a superior level.	
ASSESSMENT CRITERIA		
Instructor Decisions & Behavior	Movement Analysis	
Professionalism and Self-Management: Contributes to a professional environment by managing their behaviors and emotions in response to others. (Continual Assessment)	Articulates accurate cause-and-effect relationships of at least two Alpin Skiing Fundamentals through all phases of the turn, resulting in an effective prescription for change for intermediate-zone students who ar	
Needs/Safety Address group and individual needs for belonging.	four-track skiers. Consistently demonstrates their ability to work with students who are four-track skiers by:	
Behavior Management Manage behavioral responses.	Observe and Describe Describing ski and body performance, relative to two or more Alpine Skiing	
Section Average: Must be 4 or above to meet Learning Outcome	Fundamentals in all turn phases, and from turn to turn.	
Comments	Cause and Effect Linking ski and body performance when describing cause-and-effect relationships in at least two Alpine Skiing Fundamentals in all phases of the turn, and from turn to turn.	
	Evaluate and Describe	
	Evaluating the described performances and comparing them to more ideal performance.	
	Prescription Prescribing a specific change in one Alpine Skiing Fundamental using duration, intensity, rate, and timing (DIRT) to create a change in agreed-upon outcomes.	
	Equipment, Technique, Tactics Relating how equipment choices, techniques, and tactics affect outcomes through the intermediate zone.	
	Section Average: Must be 4 or above to meet Learning Outcome	
Equipment & Tactics	Comments	
Demonstrates a refined understanding of appropriate equipment and tactics for students who are four-track skiers, based on the cognitive, affective, and physical assessment.		
Within the following lesson components, explains their decision-making process - while demonstrating cause-and effect relationships crucial to improving performance and skill development of intermediate-zone students who are four-track skiers:		
Student Assessment		
Appropriate student assessments.		
Equipment Choices		
Assistive equipment choices.		
Equipment Set-Up		
Assistive equipment set-up.		
Technique & Tactics		
Assistive technique and tactical choices.		
Section Average: Must be 4 or above to meet Learning Outcome		

Diagnoses & Medications

Demonstrates a refined understanding of common diagnoses and a basic understanding of common accompanying diagnoses - as well as applicable medication classifications and their potential side effects - in relation to the four-track discipline, skiing performance, and teaching considerations for students in the intermediate zone.

Facilitates learning for students who are four-track skiers, by explaining, analyzing, and applying a refined knowledge of:

Diagnoses

Single and multiple diagnoses.

Medications

Medication classifications and potential side effects.

Strategies for Diagnoses & Medications

Basic strategies of how to prevent, reduce, and safely respond to corollary effects of students' diagnoses and medications.

Section Average: Must be 4 or above to meet Learning Outcome

Comments

Tech Tactics & Communication

Demonstrates a refined understanding of technical tactics and communication strategies for working with and guiding intermediate-zone four-track skiers through the mountain environment.

Consistently demonstrates their ability to work with intermediate-zone students who are four-track skiers by:

Safety Procedures

Accurately demonstrating procedures for safely navigating the mountain environment.

Adjusting Personal Performance

Adjusting personal performance, teaching techniques, and tactics to direct student performance; accounting for diagnoses, snow conditions, and terrain.

Communication

Understanding the impact of verbal and nonverbal two-way communication.

Section Average: Must be 4 or above to meet Learning Outcome

Comments

Adaptations of Teaching Skills

Demonstrates their ability to adapt the Teaching-Skill learning outcomes relative to students who are four-track skiers and adapts learning experiences as necessary, moving toward the agreed-upon outcomes while engaging them in the process.

Consistently demonstrates their ability to work with students who are four-track skiers by:

Assess

Assessing students to identify motivations, behaviors, performance, and understanding.

Collaborate

Collaborating with students to select a basic progression with clear direction and focus.

Plan Lesson

Planning lessons that involve productive use of movement, practice time, terrain, and applicable behavior management strategies.

Pacino

Pacing a clear progression that allows students to move toward agreed-upon outcomes while accommodating for any corollary effects of students' diagnoses and medications

Adapt

Organizing the learning environment and adapting teaching strategies to align with the initial assessment.

Descriptions, Demonstrations, Feedback

Providing relevant information (basic descriptions, demonstrations, and feedback) that encourages learning.

Manage Risk

Managing physical and emotional risk to maintain engagement in the learning environment.

Describe Change

Communicating changes in performance.

Relate Change

Relating changes in performance to lesson outcomes.

Section Average: Must be 4 or above to meet Learning Outcome
