To the side of the checklist is an area you can use to write notes and record feedback and coaching. This will greatly help in your process to becoming certified.

Be aware that although you are expected to know all the skiing maneuvers, teaching and technical elements in this Checklist, during your certification event the Educators may or may not cover all those listed. This is up to the discretion of the Educator running the event.

Note: Please remember the **Learner's Responsibility Code**; ***"I am responsible for my own learning!"*** You are expected to take responsibility for your own learning, make sure you learn what you need to learn, ask the questions to get the answers you need, and use this checklist to track your learning and what you need to work on. Be an active learner!
